

Remarks

With the previously filed preliminary amendment dated October 3, 2005, the Applicants canceled claims 14, 15, 18, 26, and 27. With this amendment, two further claims have been canceled: specifically, claims 1 and 16.

All remaining claims have been amended. Claims 13 and 25 are now in independent format, containing limitations previously recited in claims 1 and 16, respectively. Other claims previously reciting a formulation in the preamble have been amended to now recite a method.

It is believed that this amendment does not introduce new subject matter beyond what is provided in the application as filed, and is supported by the specification and drawings as filed.

No fee is believed due for this submission. However, Applicant authorizes the Commissioner to debit any required fee from Deposit Account No. 501593. The Commissioner is further authorized to debit any additional amount required, and to credit any overpayment to the above noted deposit account.

Respectfully submitted

Michael Thomas CLANDININ et al.
